Drill & Design allows children to use a child-safe power tools to create colorful patterns out of translucent bolts. Children can follow a pattern from the instruction book or create their own designs. Use the drill to insert bolts into the activity board. An ON/OFF switch powers both the drill and activity board.

What's Included

- 1 Drill
- 2 Drill Bits (flat head and socket)
- 1 Activity Board
- 80 Bolts
- 1 Instruction Book

Resources Required

- 3 AA batteries for Drill (not included)
- 3 AAA batteries for activity board (not included)

Support

888-800-7893
